J. P. MORGAN'S ASSAILANT COMMITS SUICIDE

CONFUSION FOLLOWS FINDING OF BODY

JAIL AUTHORITIES DECLARE PRISONER PLUNGED INTO COURT

Keeper States He Is Positive Holt Was Killed in His Own Cell—Fractured Skull Causes Death—Coroner Withholds Official Version Until Autopsy is Performed.

MINEOLA, N. Y., July 6—Frank Holt, the Cornell University professor, who shot J. P. Morgan in his home near Glen Cove last Saturday committed suicide in the jail here tonight.

While several of the jail authorities declared that Holt killed himself by climbing through the opening at the top of his cell door and then plunging to the narrow court below, Holt's keeper said he was positive that thep risoner was killed in his own cell where he said he found the body.

Fractured Skull Causes Death.

There were many conflicting reports as to the manner in which Holt met his death, but it was definitely established through Dr. Cleghorn, the jail physician, that Holt died of a fractured skull.

Several of those about the jail said they heard an explosion, the report coming from Holt's cell. This noise, it was believed, was due to the falling of boards from the top of the cell.

Jeremiah O'Ryan, the kepeer who was detailed to watch Holt, said he was fifteen feet away from the cell when he heard a loud report. He looked in the direction of the cell, but it was dark. Entering he found Holt's body in a pool of blood in the corner.

Start an Investigation.

The excitement that followed the noise brought Warden Hulse and other authorities to the scene. District Attorney Lewis J. Smith and Dr. Cleghorn together with several constables were soon on the scene and immediately began an investigation.

Dr. Cleghorn denied a report that Holt had killed himself by chewing a percussion cap. He repeated that death was caused by a fracture at the top of the skull. An explosion which would have blown his head off would have followed an attempt by Holt to chew a percussion cap, the physician said.

Find No Weapon in Cell.

A thorough examination of Holt's cell failed to disclose, according to the jail authorities, any weapon or implements of any kind which Holt could have used to kill himself.

Coroner Walter R. Jones, after viewing the body, said:

"Undoubtedly a suicide, and undoubtedly the man jumped. I cannot give an official version until an autopsy is performed by the jail physician, Dr. Clegnorn."

The body was then taken to the morgue in Hempstead, where Dr. Cleghorn was prepared immediately to perform an autopsy.

The autopsy is expected to dispose of a report current here immediately after the finding of Holt's body that he had been killed from the outside. This was only one of a number of reports reaching the authorities.

Find Letter in Cell.

Keeper O'Ryan declared that Holt appeared unusually cheerful early in the evening. He couldn't understand why Holt should write a letter which was found after his death in which Holt addressed, presumably his wife and children, as follows:

"My Dears:

"I must write to you once more. The more I think about it, the more I see the utter uselessness of living under these circumstances. Bring up the dear babies in fear of God and man. Good bye my sweet.

"Affectionately,

"Frank".

Believe Holt Jumped to Death.

An evidence of the great confusion which followed the report and the finding of Holt's body was a second statement made by Keeper O'Ryan to the effect that he was not sure if Holt's body was found in his cell or in the corridor. This tended to strengthen the theory of District Attorney Smith and Warden Hulse that Holt had killed himself by jumping from the top of his cell into the court below and that while doing so he had dislodged a couple of boards which fell to the floor with a loud report.

Finds no Evidence of Explosion.

Dr. Guy Cleghorn after performing an autopsy on Holt's body at Hempstead, stated that Holt had died of a hemorrhage of the brain caused by a depressed fracture of the skull. Dr. Cleghorn said that he found a large contused wound which extended from the top of the head to below the eyes and that both the top and base of the skull had been fractured. Dr. Cleghorn said that he found no evidences of an explosion or bullet wound.

Holt Admits He Lied.

Glen Cove, N. Y., July 6.—Frank Holt, who shot J. P. Morgan in his home near here after setting the bomb that exploded in the capitol at Washington, admitted to detectives in his cell in the Mineola jail tonight that he lied when he said that he made the capitol bomb out of sulphuric acid and match heads and said also that he did not tell the truth about his movements in Washington and New York.

Holt made these admissions when they confronted by evidence tending to show that he made the capitol bomb in a bungalow which he rented near here about ten days ago. They followed the positive identification of Lewis Ott as Holt as the man who had rented the bungalow. Ott found numerous bottles with corks punctured in the center, small vials and pictures of a dozen public building throughout the country, three of which were marked.

Frank C. Cahill a local constable who accompanied the detectives in the search of the bungalow, said that the marked buildings were the New York Public Library and capitol buildings at Albany, N. Y., and Harrisburg, Pa.

Refuses to Give Reason.

Holt refused to say why he lied in the first place about the contents of the bombs and his movements. He refused also to admit that he is the man who, under the name of Henderick, received a shipment of 120 pounds of dynamite at Syosset, Long Island, although George W. Carnes, station agent at that place, tonight identified Holt as Hendrick.

Throughout the day detectives from New York, under Captain Tunney of the detective bureau, were working on a clew which led them to believe that Holt was the man who received the dynamite and took it to the bungalow and there made a number of bombs. They were trying to trace a trunk full of bombs which they had reason to believe Holt had shipped from the bungalow to some New York address.

The detectives learned that Holt left the bungalow last Friday morning with the intention of taking the first train toward New York.

Unable to Trace Trunk.

He missed it but got the next one at 7:59 a. m. The detectives recalled that it was last Friday when Holt went to Washington and set off the capitol bomb. They learned that when Holt boarded the train he had a trunk and a suit case, which he had checked to the Pennsylvania station in New York. The detectives were unable to learn if Holt took the trunk, which they believe to be full of bombs, with him to Washington or had it sent from the station to some New York address. In any event the police are convinced that in the absence of any dynamite in the bungalow, the explosive is in the missing trunk. They scoured the neighborhood of the bungalow tonight and were unable to find any evidence that it had been buried.

It was said that Holt's admission that he had lied as to the contents of the obmb came after Captain Tunney had told him that he knew for a positive fact that fulminating caps had been used in the making of the bomb. Captain Tunney declined however, to tell how he reached this conclusion.

Morgan Continues to Improve.

The condition of Mr. Morgan continued to improve today. So encouraged were the physicians by his progress that they announced they had virtually decided not to issue any more bulletins on his condition.

Mr. Morgan felt so well that he talked over the telephone with some of his business associates in New York.

Wife is not Told of Suicide.

Dallas, Texas, July 6.—"Of course we are all terribly sorry but there is little I can say. I shall not tell my daughter until tomorrow. I do not care to discuss the matter further tonight."

This was the statement tonight by Dr. O. F. Sensabaugh, father-in-law of Frank Holt, when told that Holt was dead. Mr. Sensabaugh said a physician had told him it would be unsafe to tell Mrs. Holt of the suicide until tomorrow.

"I told her today of the Cambridge police theory that Holt was really Erich Muenter who disappeared after the mysterious death of his wife and my daughter is prostrated tonight as a result," added Mr. Sensabaugh. "But I had to tell her all. Tomorrow we will have to tell her of her husband's death."

Make no Arrangements for Burial.

Mr. Sensabaugh says no arrangements would be made until later for the burial of Holt. He added that he could not believe that Holt and Muenter were the same man.

"No man could have been a more lovable husband and father and a better friend than he was while I knew him. My daughter also refuses to believe Holt and Muenter the same man."

It developed tonight that Mrs. Holt was to have signed a contract this week for building a home here on a lot she already had purchased with her husband's money.

Find Dynamite in New York.

New York, July 6.—A trunk containing 134 sticks of dynamite with fuses attached was found by the police late tonight in a house at No. 342 West 38th street. The police said that it was sent there by Frank Holt and that it arrived three days ago. The dynamite was packed in sawdust.

The trunk was delivered by a New York transfer company and the bill of lading was made out in the name of Frank Holt. It was found on the top floor of a five story building.

Captain Thomas G. Tunney of the detective bureau took charge of the explosives and a squad of detectives surrounded the house.

Besides the dynamite the trunk contained a number of tin cans, a box of blasting caps and powder, some sulphuric acid and matches.

Owen Egan, inspector of combustibles said that the police were searching for another case of explosives said to be in the vicinity.

ATTEMPTS TO CAPTURE MEXICAN CAPITAL FAIL

DEFENDERS CLAIM GONZALEZ ADVANCE HAS BEEN CHECKED

Government Archives and Treasury Funds are Moved to Cuernavaca—Business in Capital is Paralyzed.

Mexico City, July 3.—by Courier to Vera Cruz, July 6th.—Repeated attempts by forces under the command of General Pablo Gonzales to capture Mexico City have failed and the trops under General Zapata and Gonzales Garza claim that the advance of the Carranza troops has been definitely checked. Despite these assurances the government archives and treasury funds have been moved to Cuernavaca by special trains and street cars have been kept in readiness to carry away the government officials, many of whom with Provisional President Francisco Lagoz Charazo are still living at the national palace. A number of wounded soldiers have been brought into the hospitals for treatment. The outposts of the convention forces are now located at Barrientos, the grand canal, Los Reyes and Xochimilco. The advance guards of the Carranza forces penetrated the outskirts of the capital, liberating four hundred prisoners from the penitentiary and a number of political prisoners from Tacuba jail, but later were driven back about three miles.

Business is Paralyzed.

Business in the capital has been paralyzed since thes iege operations commenced. All the banks and large commercial establishments immediately put up their shutters, the fear being expressed that there would be a general looting of the city should the constitutionalists succeed in capturing it.

BRYAN NOT A "PEACE AT ANY PRICE" ADVOCATE.

San Francisco, July 6.—William Jennings Bryan, former secretary of state, while strongly in favor of universal peace, is not an advocate for "peace at any price", according to an address delivered at a luncheon tendered today by the National Exposition commission to the Cuban Exposition commissioners.

MEXICN RAIDERS ESCAPE.

Brownsville, Tex., July 6—Despite efforts of a posse of thirty-five North Cameron county citizens, six state rangers and half a dozen county officers to corner a gang of twenty-five Mexican raiders near the coast forty miles north of Brownsville, the raiders made good their escape and tonight were believed headed for the Rio Grande according to reports here. The Mexicans drove before them cattle and horses.

War News Summarized

Renewal of acivity by the British forces along their front in Flanders, resulting in the gain of German trenches north of Ypres; stubborn resistance by the Russian troops against the Austhe fighting in the Gorizia diseastern zone, and the strong pressure of the Austrians in southern Poland, which, Vienna claims is pushing the Russians northward, are the outsanding features in the war reports.

The assault by the British in Flanders came after a long period of comparative quiet. They have carried about 200 yards of German trenches the French contributing to this success with their artillery.

The Teutonic drive northward from the Galician border on the front between the Vistula and the river Bug—a front which is critical as relating to the fate of Warsaw—has brought the Austrians to a point northeast of Krasnik and some forty miles north of Tarnogorod.

In the Italo-Austrian campaign tro-German onslaught in the tict developed a general battle when an attack was made by the third Italian army. The Italians advanced under the protection of a fierce artillery fire, but according to an Austrian statement the attacking forces were completely repulsed.

VIGOROUS STEPS ARE TAKEN TO ENFORCE NEUERALITY LAWS

Three Montenegrin Officials Are Arrested as Result of Information Gathered From Reservists.

Chicago, July 6.—Vigorous steps to enforce neutrality laws were taken by the United States officials today. As a result of information gathered from a score of reservists who were taken from a train here a week ago, secret service men today arrested three Montenegrin officials, charging them with conspiracy to violate the neutrality laws of the United States. The men arrested were Captain Anton V. Seferovich, a member of the American Red Cross and the Montenegrin Red Cross, who was taken in New York; B. Martinovich, an officer in the Montenegrin army, and Savo Gjurashkovich, secretary of the Montenegrin foreign office, who were arrested in Bisbee, Arz. Government officers are seeking Jovo Matanovitch, also a high Montenegrin official. All are charged with recruiting men for the Montenegrin army. The arrests developed from the detention here of twenty-three Montenegrins and the Serbians who were taken from a special train while on their way east recently. They are reported to have told officials of the department of justice that their expenses to their native homes were being paid with the understanding that after a visit with their relatives they would enlist in their respective armies. The men will be brought here for trial.

GREET LIBERTY BELL WITH GREAT WAVE OF PATRIOTISM

CHICAGO, July 6—A great wave of patriotism that withstood even a pouring rainstorm, greeted the Liberty Bell here tonight. Scheduled to arrive at 5:30 o'clock, it did not reach the downtown railroad station where it was on exhibition until nearly seven and a double line of school children stretched many blocks from the station and patiently waited in the rain.

Even after the line had been in motion for more than an hour and several thousand children viewed the bell, there was no apparent diminition in its length.

A battery of the Illinois National Guard fired a salute on the lake front at the arrival of the bell and this was the signal that brought thousands flocking downtown.

STRIKING STRUCTURAL IR ON WORKERS RESUME LABORS

CHICAGO, July 6.—Resumption of work by some of Chicago's strikers began today when 4,5000 structural iron workers re-commenced the labors they dropped when they struck more than six weeks ago. The city recreation pier, several city bridges and steel skeletons of skyscrapers are again resounding with the blows of sledges. With their return, employers took a more optimistic view of the whole situation, and meanwhile building men and carpenters were reported to be making progress towards peace. The employers' committee called a meeting for this afternoon to determine when to hold a session with the carpenters' committee.

BUFFALO BOAT WINS.

Hannibal, Mo., July 6—The Buffalo Enquirer, owned by William J. Connors of Buffalo, N. Y., won the American power boat championship and with it the $1,000 Webb trophy at the eighth annual regatta of the Mississippi Valley Power Boat association here today. The Mark Twain, a St. Louis boat, sank in the free-for-all race but its driver and mechanician were rescued.

ACT TO HURRY MOVE FOR NATIONAL PROHIBITION

BUSINESS MEN CONNECTED WITH ANTI-SALOON LEAGUE MEET

Plan to Name Committee to Further Movement for Adoption of the Hobson-Sheppard Amendment to the Constitution.

Atlantic City, N. J., July 6.—Action to hurry along the movement for national prohibition through the amending of the federal constitution was taken today by business men connected with the Anti-saloon League of America, which opened its sixteenth annual convention here tonight. It was planned to appoint a committee of 100 men prominent in business and manufacturing for the purpose of raising funds and otherwise to further the movement for the adoption of the Hobson-Sheppard amendment to the constitution.

Thirty-five States Represented.

Thirty-five states, it was announced, were represented at the luncheon today where this action was taken.

Filmore Condit of New Jersey, of the committee that invited business men and manufacturers to the luncheon, spoke of the necessity of extending the movement, and called on Howard H. Russell, founder of the Anti-saloon League, to preside Among those who spoke were former Governor Foss of Massachusetts and Governor Carlson of Colorado.

Rev. P. A. Baker Outlines Plan.

The Rev. P. A. Baker, general superintendent of the Anti-saloon league, outlined the plan to put more energy into the campaign. He said it was the object to have the prohibition amendment inserted in the national constitution before the next cogressional apportioment following the census of 1920 is made. He called attention to the fact that under the present system of apportioning congressmen there will be an increase in the membership of the national house of representatives and that much of the increase would come from the larger cities where prohibition is not so strong as it is in less populated communities.

Name Palmer Board Chairman.

N. A. Palmer, Louisville, Ky., succeeds the Rev. A. C. Bane, Westerville, O., as chairman of the national board of directors.

All other officers of the league such as secretaries, treasurer and superintendents, were re-elected.

The first of the big inspirational meetings of the national convention of the league opened tonight on one of the ocean piers, with a large attendance of delegates. The biennial report of Dr. P. A. Baker, the general superintendent, was read. Dr. Baker created much enthusiasm when he told the delegates that the last 18 months had broken the record for prohibition progress, not only in the United States, but throughout the world.

CHILD SECURED AT MEREDOSIA ON WRIT OF HABEAS CORPUS

Deputy Harry Norris went to Meredosia Tuesday, with habeas corpus papers secured at Peoria, and brought to Jacksonville Harry Gienow, the three year old child of Mrs. Myrtle Gienow of Peoria. The Gienow family reside on a boat on the Illinois river at Peoria. The baby was being held by Mr. and Mrs. George Huggins, who claimed they wanted money for its keeping. Deputy Norris will take the baby to Peoria this morning.

PRESIDENT IS UNWILLING TO DEVIATE FROM PRINCIPLES

Cornish, July 6.—President Wilson today had before him despatches from Secretary Lansing transmitting information received from Ambassador Gerard at Berlin, outlining informally suggestions which Germany is anxious to incorporate in her next note on submarine warfare, but about which she first wants to sound out the United States.

Final instructions as to what answer Ambassador Gerard shall make to the Berlin foreign office have not been sent to Secretary Lansing by the president, but he is giving serious consideration to the question realizing that the success of the entire negotiations with Germany probably hangs in the balance. Since the informal negotiations between Ambassador Gerard and the Berlin foreign office were begun the president has received several mail reports from Secretary Lansing and has personally written replies.

While silence on the entire subject was maintained tonight it was understood that the president was hopeful that out of the present negotiations would came a solution of the submarine controversy. He is unwilling, however, to deviate from the broad principles laid down by him in the notes already forwarded to Berlin.

The president expects to handle the informal negotiations from here but when the formal German note is received he will return to Washington.

TEUTONIC RUSH SEEMS TO BE LOSING MOMENTUM

RUSSIANS STIFFEN RESISTENCE AFTER LONG RETREAT

Austrians Claim Continued Progress to the Northeast of Krasnik and Along the River Vieprz — British Score Again Near Ypres.

London, July 6,—With the exception of certain sectors between the Vistula and the Bug, the Austro-German rush in the eastern war zone seems to be losing its momentum. The Russians have braced themselves and are holding at most points along their line, although the Austrians claim continued progress to the northeast of Krasnik and further east along the river Vieprz, in the neighborhood of Tarnogora. This is a critical sector so far as a northward blow at Warsaw is concerned, but it is evident that the Russians are stiffening their resistance after their long retreat, and the Britsh press, for the first time in weeks, takes a more cheerful view of the eastern situation. It is noteworthy that today's Berlin official communication speaks only of a gain on the northern Poland front, leaving the southeastern field entirely to the Austrians, who, in their official statement, emphasize that an advance on the center between the Vistula and the Bug was being made by the Austrians.

Break Quiet on British Front.

The quiet which has prevailed on the British front in Flanders so long has been broken by a British gain of German trenches to the north of Ypres. The advance was made after typical trench warfare tactics, backed by French artillery. This part of the western front still holds its reputation as an aggressive point.

The last 24 hours have brought many renewed rumors that the Germans are planning to launch a new offensive in the west, their aim being to duplicate their Galician tactics and break through to Calais at all costs. Reports to this effect came almost simultaneously from Zurich, Brussels, Paris and Amsterdam. The London papers give them prominence, although how much is guesswork and how much is based on facts it is impossible to determine. According to the Zurich report, ten German army corps who have been recuperating in the interior from the rigors of the Galicampaign, are now moving westward.

Makes Gallantry of Troops Plain.

The latest advices from General Sir Ian Hamilton, commander at the Dardanelles, took the Anglo-French expedition no further forward, but made plain the gallantry of the British and French troops, who are fighting under almost insurmountable difficulties.

BRYAN SPEAKS AT OPENING OF INTERNATIONAL PRESS CONGRESS

Advises Signed Stories and Editorials in Newspapers—Disapproves "Independent" Publications.

San Francisco, July 6.—William Jennings Bryan, former secretary of state, put peace and politics aside today and appeared as a journalist before the opening session of the International Press Congress at the Panama-Pacific exposition. He advised signed stories and editorials in newspapers, suggested passage of a law to compel editors to show their financial interest in policies they advocated, commended the influence of a one-man edited weekly as greater than that of a corporation owned daily newspaper and disapproved "independent" publications.

"It seems reasonable to suppose," Mr. Bryan, "that the signing of editorials and news reports would contribute both to accuracy and to the reputation of writers. It is one of the injustices of the present system that the men who furnish the literary ability, the editorial writers anad newspaper correspondents, often live in obsecurity while the corporation from which they draw pay reap an unfair profit from their genius." The tendency toward "independent newspapers" Mr. Bryan deplored.

GERMANY SUBMITS DRAFT OF REPLY

Gerard Is Shown Note With Idea of Eliciting Expression of Opinion

ASKS FOR INSTRUCTIONS

Ambassador Promptly Inquires Whether the United States Can Make Concessions

CHANGES ARE NECESSARY

WASHINGTON, July 6—Germany has submitted informally to the United States through Ambassador Gerard in Berlin a tentative draft of its reply to the note of June 9th, which asked for assurances that American rights on the high seas would not be further violated by German submarine commanders. After careful examination of the contents of the proposed note as outlined by Ambassador Gerard, which coincides with Berlin press dispatches of the last few days, high officials are practically agreed that the United States cannot, without sacrificing important neutral rights, express its approval of the German proposals in their present form.

Gerard Asks for Instructions.

The draft was shown to Ambassador Gerard with the idea of eliciting from him an expression of opinion and he promptly asked for instructions from Washington as to whether the United States could make concessions.

President Wilson has been advised of the situation in several long messages sent to his summer residence at Cornish, N. H., and the impression obtained tonight from reliable quarters was that the American government probably would instruct its ambassador within a day or two to decline to express any view until after the formal reply is delivered to him.

Just what Germany proposed has not been officially divulged. Secretary Lansing today took the position that it would not be proper for him to disclose Germany's position as informally reported by Mr. Gerard without authorization from the Berlin government. He stated merely that there had been no exchange of views or informal negotiations between Germany and the United States and declined to predict whether there would be.

Imposes Conditions.

From Berlin despatches and authoritative sources here it is learned, however, that the note as drafted by the German foreign office with Emperor William's subsequent approval would give assurances that Americans might travel with safety on the high seas on certain conditions imposed by Germany such as the marking of belligerent vessels carrying Americans, notification by the United States to Germany of the date of their departure and character of such vessels and an inspection insuring their non-carriage of munitions of war.

President Wilson has before him the views of several cabinet officers some of whom believe that it is essential to have Ambassador Gerard make clear to the German foreign office that the United States can make no concessions from its position as based on the accepted rules of international law and the naval prize codes of civilized nations.

Important Changes Necessary.

Whether the president does or does not finally decide to have Mr. Gerard tell the German government informally the views of the United States on the rough draft submitted it was clearly apparent today that important changes would be necessary in Germany's attitude before it could be reasonably hoped that the formal reply would remove from the negotiations the critical aspect they have assumed.

HUERTA STILL IN PRISON.

El Paso, Tex., July 6.—The day passed without bond being furnished for General Huerta or any of the five imprisoned with him. It seemed probable that Huerta would remain in jail until his preliminary hearing Monday.

WHEAT SUPPLY DECREASES.

New York, July 6.—The visible supply of grain in the United States shows the following changes:

Wheat, decreased 2,251,000 bushels; in bond, decreased. 339,000; corn, decreased 1,250,000; oats decreased 1,678,000; in bond decreased 156,000; rye decreased 131,000; barley decreased 235,000; in bond, unchanged.

The appointments made by the city council Tuesday morning of attorney, clerk and engineer should meet with general approval. The men named for these offices are well qualified to serve. Mr. Reeve is an attorney of ability and has held the office of city attorney before. Mr. Pyatt has made an efficient and accommodating city clerk and Mr. Henderson is well posted in local public improvement affairs.

And another argument advanced against the going back to the aldermanic form of government before a further trial of the commission form is found in the numerous elections. If the required signatures are secured an election will be held on the question of adopting the old form. If it carries a primary will be held next spring for the choice of candidates, followed by another election. A part of the officers so elected would serve but one year when another primary and election would be held, in all a total of five elections before the affairs would be settled into the regular routine. The expenses of the last city election were $1800.

A Colony Of Refugees.

The first extensive settlement in the south as the result of the European war will be "La Petite Belgique," near Wilmington, North Carolina. Preparations have been completed for the establishment of this colony of expatriated Belgians. The farms have been prepared, the houses built and renovated and the farms stocked, so that the Belgians, as fast as they arrive, can get to work putting in a crop for this season. The French language will be spoken and every effort made to maintain the link of patriotism and good feeling with the parent country. The colony will maintain itself by producing vegetables and fruit for the New York market under excellent conditions of soil and climate. The project has the approval of the department of agriculture. The Belgians are being transported from England at reduced rates, and they are bringing their families with them.

Other states in the south are planning for colonies of foreigners seeking refuge here and the war is likely to eventually result in the development of a great deal of southern terrftory.

Zeppelin is 77 Today.

Count Ferdinand von Zeppelin, the inventor and perfector of the giant airships on which, with the submarines, Germany bases much of her future hopes to win the war with the Allies, will receive the congratulations of the Emperor and his fellow countrymen today on his 77th birthday. The Count is actively superintending the building of the giant air vessels at Friedrichshafen, on Lake Constance, and it is there that the messages of cheer reach him. He has seen his ideas, gained during his service with the northern troops in the American Civil War, grow to success during the past year. He has proven the worth of the big aircraft as scouts and observers and as wireless stations and sources of general information of value to Germany. The only feature of his birthday that will be lacking today will be the usual messages from the royal families of England, Italy and Russia.

The Park a Beautiful Place.

Although Monday was a very busy day on Morgan county farms there was a very satisfactory crowd in Jacksonville during the day and, at night the attendance at Nichols park set a new record. The whole day's program was carried out in a way which evidenced the careful management and Secretary Weber of the chamber of commerce and the members of the various committees are to be congratulated upon the plans that they made and carried out so successfully. Persons who made an effort to count the vehicles at Nichols park say that there were at least 2500 automobiles and horse drawn vehicles. Counting the occupants of these conveyances, together with the thousands of people who traveled on the street cars or walked, it is very evident that the largest crowd ever seen at Nichols park was there Monday night.

The intelligent care given the park, supplemented by the copious rains this year, have given it a most attractive appearance and the grass and flower beds are in such condition that the park is certainly a beautiful place. The shrubbery has grown to such an extent, and so have some of the trees, that while the park is beautiful now, it gives promise of being still more attractive during passing years. Altogether the park is a place of which Jacksonville may well be proud.

HOMER J. TICE IN CITY.

Hon. Homer J. Tice of Greenview, was a visitor in the city Monday. Mr. Tice has for several terms been one of the earliest and active members of the Illinois legislature.

WITH THE SICK.

Jerry Condon of 527 Hooker street is detained at home from the car shops where he is employed, by illness.

Emery Strumborg of Baylis, who was accidentally shot in the shoulder, and has been a patient at Passavant hospital, was able to return to his home Monday.

Miss Minnie Wyatt who recently underwent an operation at Passavant hospital, has recovered sufficiently to return to her home, 851 Goltra avenue.

E. O. Mayer, foreman of the Journal news room who has been ill for a number of weeks, is at his home on West North street and is slowly improving. He expects to leave for a recreation visit to his old home in Missouri in the course of a week or ten days.

A. A. Renner, who is a patient at Our Savior's hospital, threatened with appendicitis, is reported improved.

VOTARIES ARE BECOMING ANXIOUS AS TIME IS NEAR FOR DEPARTURE

Delegates Will Leave Saturday Morning for Chicago to Take Khorassan De Luxe Special.

As the time draws near for the 12th session of the Imperial Palace, Dramatic Order, Knights of Kaorassan, at Asbury Park, N. J., July 12 to 16, the local votaries are become more anxious to make the trip. Already thirty have registered from Ilderim temple and many more are expected in the next day or two Arrangements have been made to have a sleeper ready on the C. and A. tracks Friday evening. The members will leave on the Hummer Saturday morning at 1:52 and will have twelve hours in Chicago. The Khorassan De Luxe Special leaves Chicago over the B and O. Saturday evening at 6:30. This will give the members time to see the White Sox play a game in the big city.

The steel equipped special will be provided with two diners and an observation car. It is expected to have 200 on the train and will consist of members of the Temple here, El Medi Temple of Peoria, Mahrah Temple of Minneapolis and El Wakodis Temple of Milwaukee, Wis.

A stop of 21 hours will be made in Washington arriving there at 4 p. m. It has been planned to visit all the places of interest there and it is possible that the men will get a chance to greet President Wilson. The trip about Washington, including auto ride, meals, etc., will be three dollars.

The drill team has been putting in some hard licks in anticipation of the contest. The team that comes over 500 miles gets $100 at least of money. While in Asbury Park the Jacksonville and Peoria delegates will stop at the Plaza hotel.

WON ATHLETIC EVENTS.

An enthusiastic contestant for athletic honors Monday in the big celebration was Fred O. Karll of Chicago, a traveling salesman for the Nebo Cigaret company. He won the potato race and the three-legged race in easy fashion. Mr. Karll happened to be in the city and he is contemplating making Jacksonville his headquarters.

THE AMENDED GAME LAW.

J. G. Dowell, a game warden residing at Franklin, asks the Journal to warn all hunters that the amended game law prohibits hunting of all kinds during July. He says that a number of clerks are ignorantly issuing licenses and all found hunting, even if armed with these permits, will be subject to fine. He says also that all licenses must be signed by the three commissioners.

NORTH MAIN STARS BEAT SECOND WARD K. K'S.

Monday there was a game of base ball between the North Main Stars and the Second Ward K. K's. which resulted in a score of 14 to 9 in favor of the Stars. The game was on the North Main street Cannon lot. The battery of the Stars was Wm. Cannon, pitcher; Walter Ornellas, catcher. Eugene Vieira caught for the K. K's.

SALARIES NOT REDUCED.

Some weeks ago the city council discussed the plan of reducing the salaries of all employes about five dollars a month because the plan of securing cash each month for employes would relieve them from the necessity of taking discounts on their warrants. Subsequently the plan was abandoned and the salaries were not disturbed. A recent report has been that the salary cut was made but this report was incorrect.

BURNED BY FIRECRACKER.

Miss Sarah Schaub, aged 14, was painfully burned about the face Monday morning by a firecracker. It was one that had not gone off and the girl was examining it when the explosion occurred. It is not thought her injury is serious. She is the daughter of Mr. and Mrs. Edward Schaub of North Main street.

OPEN WAR TRAINING CAMPS.

Plattsburg, N. Y., July 5—Three hundred and sixty-five college students began yesterday a course of instruction under army officers to fit them for commissions as officers in event of war. The camp of instruction opened here yesterday is operated by the government. During the five weeks' term of instruction the Fifth Infantry, stationed at Plattsburg, will oppose the students in war games.

Ludington, Mich., July 3—A large number of college men from the middle west are enrolled in the instruction camp opened yesterday by the government for the training of army officers.

Chicamauga Park, Ga., July 6 — The call for student officers to the military camp here brought a large number of youths from the southern universities, and the instruction under regular army officers began this morning and will extend until August 8.

INTERNATIONAL PRESS CONGRESS.

San Francisco, July 6—The convention of the International Press Congress was formally opened yesterday, and today the delegates organized for business and held their first important session. All branches of newspaper publication are represented, and the meetings are held in Festival Hall. Separate meetings are also being held this week by the National Editorial Association, the American Association of Journalism Teachers, the California Press Association and the Amateur Press Association. The newspaper men will continue their meetings until Saturday, with a program on broad lines.

Byron Kost has returned from a visit with friends in Beardstown.

MISS EVA BENEFIEL SECURES POSITION OF COUNTY ADVISOR

Sister of Mrs. William Cocking of This City Receives Unique Positionin Kankakee County.

Miss Eve Benefiel, a sister of Mrs. William Cocking of this city has been named as county home advisor of Kankakee county, the first in the state to be named for that position. The Orange Jude Farmer in speaking of her preferment says:

"The farm women of Kankakee county have organized a home improvement association, and employed a county home advisor. This is the first organization of its kind in Illinois, and is one of the very few in the United States. A club of farm girls, having 600 members was largely instrumental in starting the work and now a large number of women throughout the county are members. The form of the organization is similar to that of the soil and crop improvement association among men which has been working successfully more than two years.

"Miss Eva Benefiel has been employed to take charge of the advisory work. She graduated from the University of Illinois in 1900, and since has been teaching domestic science. She is an enthusiastic worker, and her personality is such that she will be able to meet successfully many types of people. These qualities will be very necessary for success of the work Miss Benefiel will begin her work August 1. The association will have offices in the county court house."

MAYOR RODGERS TALKS ABOUT COUNCIL PLANS

PURPOSE HAS BEEN TO MAP OUT GENERAL COURSE FOR FOUR YEARS.

Hoped to Rid City of Floating Debt During That Period—John J. Reeve is New City Attorney—R. L. Pyatt and E. M. Henderson Re-appointed Clerk and Engineer—Various Improvements.

John J. Reeve is the newly appointed city attorney of Jacksonville, R. L. Pyatt is the city clerk and E. M. Henderson public engineer. These appointments were made by the city council Tuesday morning. At the same session Mayor Rodgers made a brief statement, brought forth by the recent agitation in favor of a return to the aldermanic form of government. Briefly, Mayor Rodgers said that the action of those circulating the petition for an election on the proposed change in government had deterred the city's financial plans so that no other back bills could be paid until the question is settled.

Answering the criticism made that not enough publicity had been given to council plans, he said that his own conduct of private business had never been to talk much about the work he was hoping to do, and that the council had been trying to outline a general plan for economy and for improvement which at the end of the four years would see the city at least without a floating debt. With reference to the matter of salaries of mayor and commissioners, he said that this subject had not been discussed or settled by the council. Reports of officers were received and in general the meeting was the most interesting of any held since the new officers assumed control. Mr. Pyatt read the record of the last previous meeting and then read the reports of the inspections of the city boilers by representatives of the Hartford company. The boilers at both the light and water plants were found to be in satisfactory condition. The reports of officers were read and approved.

A petition was read asking authority for the erection of a gasoline pump for filling automobiles at the Buick garage on East Morgan street and it was granted on motion of Commissioner Cox.

A Four Years Plan.

Under the head of reports from departments, Mayor Rodgers, referring to the petition for an election on the question of a return to the old form of government, said: "The petition which is being circulated asking for an election upon the question of returning to the aldermanic form of government has disturbed our financial connection. The complaint has been made that we have been too quiet about our proceedings and that we have not made enough publicity about our plans. In the conduct of my own business affairs I have not found it of advantage to do much talking before the plans were fully outlined. It has been the desire of the commission to formulate a general plan to run through the four years in the hope and expectation that at the end of that time the city might find itself at least without a floating debt and able to do business on a cash basis. The floating debt is now about $45,000, and we have believed that by economy and the general plan that we hoped to follow that this amount could be wiped out and we have believed also that on a cash basis that the city could continually save money.

"The question of salaries for the commissioners has not been considered, and I don't know just when it will be considered. We have been more interested in our plans for the city itself than as to the matter of salary. We had expected to secure an auto conveyance for the police department which we believed would increase its efficiency; an auto driven chemical apparatus for the fire department; some good improvements were planned at the water plant, and we are already making some changes at the light plant. The work we have already done has resulted in cutting down fuel costs and the work planned in connection with the Russell engine would increase the power efficiency of the plant. It has also been our expectation to do some extensive repair work on the city streets. All these plans must now come to an end until a decision is reached on the proposed pending election. In the past a person having a claim against the city might be able to secure a due bill and then proceed to raise whatever money he could thereon. This has had a bad effect on the city's credit, just as it would in the case of an individual. Not all of the appointments have been made, and the noes made have not been satisfactory to everybody. It has been our effort to try and represent all the people without regard to color or creed.

Some Bible History.

"When people are elected to office they must be trusted to handle most affairs in the way that seems the best to them. We have been able to make arrangements for the payment of all the city's outstanding debts, but with the present uncertainty as to what will be the form of government and who will administer it, it means inevitably that this arrangement for bill payment cannot be carried out. This question of the form of government is certainly one that the people have a right to decide, but the situation seems to me somewhat parallel to that in the Bible story of the children of Israel. They were for 400 years in bondage and at the end of that time were about to be led out into the promised land of Canaan. Then because of the mutterings and the discontent of some of the people they destroyed the very means by which they were to be led out into the promised land and while eventually they did go forward and possess it, its blessings were only available for those of the younger generation. The plans and improvements that we have made have not been necessarily permanently stopped, but they have certainly been retarded by the present agitation."

"The presnt commissioners have not done anything that they are ashamed of and they certainly cannot be charged with the use or misuse of any money, because they have not had any to handle."

Mayor Rodgers then nominated E. M. Henderson as public engineer and he was confirmed by unanimous vote. The mayor asked the city clerk to draw up a resolution or ordinance providing that all members of the council shall constitute the board of local improvement, this form of organization having been made possible by a law passed by the last general assembly. Mayor Rodgers reported the appointment of Harry M. Summers sexton of Diamond Grove cemetery, taking the place of Phil Grant; John Pires, sexton and Dennis Hines, assistant sexton of Jacksonville cemetery, taking the placves of Newton Tribble and Edward Trueter.

Garbage Disposal Plant.

The mayor also brought to attention the possibility of levying a 2-mill tax for the erection of a garbage disposal plant in accordance with the law recntly passed. A 2-mill tax would result in a revenue of about $5,000 and the mayor said he believed that this was something well worth looking into . A garbage plant would consume garbage from the city streets and alleys and would offer a plan for the disposal of dead animals and other refuse matter. A letter relating to this question was read from Otto Elliott & Co., of Springfield, who are agents for the McGuire Sanitary Incineration plants. The letter stated that these plants are erected in units of six tons and that the fuel cost of operation was very moderate. This matter of sewage plant will receive early attention.

Commissioner Cox reported the purchase of lumber for street crossing repair and that work was being steadily done.

For his department Commissioner Widmayer reported that during the last two weeks that old bills to the extent of $18,600 had been paid and that it was now necessary to stop further payment until decision in the election matter had been reached.

Commissioner Vasconcellos reported that the water supply was bountiful and that the work of overhauling the Hamilton engine at the light plant had been completed. He said that some work done on the oil cups was resulting in a saving of 50 per cent of oil, and all bearings had been washed out with good repairs on the Russel engine would be undertaken at once and that one of the boilers and mud pans behind it had been cleaned. Some other repair work has been done to stop leakage and it is the intention to cover all the pipes in the light plant for this same purpose. Further he said that the north side wells had been supplying more water and that the reservoir was so full Sunday that it was necessary to stop pumping. He reported the purchase of some additional light poles and said because the city had agreed to pay cash that the poles were purchased at a price $1.25 less than heretofore. The city has two miles of wire on and hand the work of placing some new lights will be undertaken as soon as the poles are received. The new lamps which are to be used on the same circuit with the boulevard light system have not yet arrived but are expected daily. The commissioner said further that he was pleased with the work of nearly all of the new men in his department.

City Clerk Pyatt read a communication from Paul P. Thompson under dat of May 1, resigning his position as city attorney to take effect at the pleasure of the council. It was accepted and placed on file and John J. Reeve was nominated by Mr. Widmayer to the position of city attorney and was then appointed by unanimous vote. Mr. Widmayer named R. L. Pyatt as city clerk and the same action was taken. Mayor Rodgers reported that the office of stenographer for the city attorney would be abolished.

Talk of Paving.

Carl Weber, secretary of the chamber of commerce, was present and expressed his thanks to the mayor and commissioners for the hearty co-operation given in arranging plans for the Fourth of July, and said that through this aid and the generous support of merchants that the day had been made a success. Mayor Rodgers commented upon the crowd at Nichols park Monday night and said that it was by far the largest he had ever seen there. When reference was made to the plan of reorganizing the board of local improvements Mayor Rodgers mentioned that a petition was on file for an asphalt pavement on West State street and that early action would be taken . He said, too, that there was some movement on foot to re-top South Main street and that a number of persons favored tarvia for this work. A recent meeting of propeyt holders was held and developed some difference of opinion but when the meeting adjourned there was entirely good feeling and with an indication that the work would be pushed along. The mayor said it was very desirable that some speedy action should be taken, at any rate for the paving of South Main street from Morton avenue to Michigan, as the sum appropriated by the state for this work must be paid out from the treasury by September of this year or it will not be available.

Mentioning various plans that had been considered. Mayor Rodgers spoke of the need of repaving or retopping of those portions of Morgan, Sandy, West, Mauvaisterre and East streets, which may be properly considered as in the business district, and thought this work should all be done . On several of the streets, like Court and Morgan, he thought it would be very desirable to decrease the width of the sidewalk to some extent. The mayor referred to the work being done by the department of health and safety and said that good progress had been made in cleaning up the town. Commissioner Martin said he would have a further report to make on this matter at an early date.

Officers' Reports.

Dr. A. M. King, city health physician, reported 27 deaths, 7 of which were at Jacksonville state hospital. There were 10 in the first ward, 2 in the second, 1 in the third and 12 in the fourth ward. The range of ages was from 1 to 5, one; from 5 to 20, three; from 20 to 50, nine; from 50 to 70, nine, and over 70, five. The contagious diseases reported were tuberculosis, 2; typhoid fever, 1; chicken pox, 2; measles, 10.

R. L. Pyatt reported receipts as follows: Diamond Grove cemetery, $394.20; Jacksonville cemetery, $140.50; city clerk's affice, $256.90.

Chief of Police George P. Davis reported 56 arrests; on state warrants, 14; on city warrants 42. Total amount collected, $330.40. The arrests were on the following charges: Drunkenness, 15; disorderly, 2; vagrancy, 11; abusive language, 2; suspicion, 1; gaming, 8; assault and battery, 2; disturbing the peace, 4; assault to kill, 1; disorderly conduct, 12; violating the traffic ordinance, 6.

The report of the water department, signed by W. H. Cobb, superintendent, and Joshua Vasconcellos, commissioner, showed total collections of $2,929.54. This sum was divided as follows: Water rent, $2,746.14; meters sold, $70; meter repairs, $12.75; taps, $24.

The report of Charles B. Graff, treasurer, showed balance June 30, of $4,866.99.

Miss Weller, city matron, reported cases of one incorrigible boy and one girl which had been investigated. There are three dependnt girls for whom the matron is seeking homes. The cases of one woman tramp and of three boys who molested their neighbors was given attention, as was the case of two children reported neglected by their parents. Application has been made in the juvenile court for one girl to be placed in the matron's care until a proper home can be found for her. Several parents were visited for conference about the care of children who are giving them trouble.

GREAT HOLIDAY OBSERVED FITTINGLY

DAY'S PROGRAM DREW MANY TO PUBLIC SQUARE.

Crowd at Nichols Park at Night Estimated to Be Largest Ever Assembled There—While Day's Affairs Successfully Managed.

The great and glorious Fourth of July was celebrated in Jacksonville in an appropriate manner Monday. The day dawned bright and early in the morning the local people began to turn out and each incoming morning train brought its quota of visitors. When the automobile parade started there were many people along the line of parade. The parade was headed by C. N. Priest, carrying a large American flag. The line of march was as advertised previously in the Journal. As each driver passed the island light on the west side of the square he was given a number. Later, in the pagoda in the park, the drawing was held. C. N. Priest conducted the drawing and the prizes were won by the following: C. H. Cowdin, Joy Prairie, first; G. W. Gard, South Clay avenue, second; Donald Joy, West State street, third. Basil Sorrells won the prize for the oldest car in the parade, driving the car that was bought by John R. Davis and Edward S. Greenleaf in 1898. Walter Sheehan of St. Louis, who was in Jacksonville as the guest of J. B. Sutter, was awarded the prize for the car covering the longest distance.

Program in Park.

A short program was held in Central park immediately after the parade. John J. Reeve acted as chairman and introduced those who took part in the program.

Prof. J. H. Rayhill read a portion of the Declaration of Independence.

J. I. Graham gave the tribute to the flag which he recently gave before the Knights of Pythias.

Hugh Green then gave a brief address. Mr. Green made some points that were timely under present national conditions.

Free Vaudeville Acas.

The vaudeville acts were well received. The greatest disappointment to the management was the failure of the balloonist to appear for the two ascensions and parachute jumps. It is understood that he was in Beardstown.

The Races and Winners.

Under the direction of Prof. J. H. Rayhill the following athletic contests were carried out:

50-yard dash—First, A. E. Seward; second, F. O. Karll.

Three-legged race won by F. O. Karll and mate.

Potato race—First, Lashmet; second, Seward.

Running broad jump—First, Cannon; second, Lashmet.

50-yard handicap—First, Smith; second, Lashmet.

Shoe race—First, Cruzan; second, Boland.

Sack race—First, Smith; second, Cox.

Skipping rope—First, Evelyn Wylder; second, Anna Cruzan.

Nail driving contest — Won by Mrs. John Sutter.

Baseball throw won by Franklin man.

Cricket ball throw won by J. H. Rayhill.

Tug of war won by the boys against the men.

In the Evening at Nichols Park.

The throng in the evening at Nichols park utterly eclipsed all records. It was thought last year the number would not soon be equalled but the attendance Monday night far surpassed that of any previous occasion. Some estimate the throng at 25,000, which is undoubtedly too large, but it was surely very great. Mayor Rodgers and M. R. Fitch carefully counted vehicles for about an hour and making a fair estimate from that they put the number of automobiles at almost 2,000 and the horse vehicles at 1,500.

The estimate must be a trifle high especially for the automobiles, but there must have been at least a thousand of them. One man residing in the vicinity of Exeter, Scott county, said he knew of 60 from his neighborhood coming to Jacksonville. They came from all over the county, from Roodhouse, Winchester, Virginia and many distant points.

Commissioner Martin favored the park board with four good extra policemen and they did good work. The board, the custodian and the extras had their hands full. Great care was taken to handle the vast throng of vehicles systematically, the horse vehicles being sent south of the lake and the autos parked on the west side of the grounds, and all went out on the east side. It is a matter of no small satisfaction that not an accident or untoward incident occurred during the evenig. In general, drivers and chauffeurs were good natured and obeyed orders and nothing happened to mar the pleasure of the occasion. A good many drove out during the afternoon and all auto people were asked to take the west side before dark. Before the end of the evening the space south of the bridge was so filled with vehicles that no more were allowed to cross and the late comers were stationed anywhere they could get room north of the lake. Seven thousand were taken out on street cars and probably a thousand walked. Making due estimate of the occupants of the vehicles, the total number will almost reach 20,000.

The fireworks were very fine and elicited many compliments. They were managed by W. D. Gates, John Cain, Carl H. Weber, R. H. Reid and Frank Sullivan.

The band stand looked beautiful in its new location, with its brilliant lights, and the music furnished by the band throughout the day under the leadership of Prof. Jeffries was very fine and pleased the multitude greatly.

The pavilion was a surging mass of humanity and the space in front of it was packed with people who had a fine chance to see the fireworks comfortably. At the close of the exhibition, dancing was begun and kept up until a late hour. The order throughout the day was good. Not a drunken person was seen on the grounds and but a very few who even showed the effects of liquor.

Great credit for the success of the occasion is due Carl H. Weber, the efficient secretary of the Chamber of Commerce, and his assistants are also deserving of compliments.

ANTI-SALOON LEAGUE WHACKS DEMON RUM.

Atlantic City, N. Y., July 6 —The enemies of the saloon have come together on the famous Steel Pier from all sections of the country, and a monster convention of the enemies of rum got under way this morning. For four days the liquor trade will get the hardest knocks that it has ever endured in the United States.

The big convention is the biennial of the Anti-Saloon League of America, and under the banner of prohibition have come representatives of religious, civic and political organizations of all kinds from all places. Four huge auditoriums have bene thrown open for the orators, and the delegates and visitors are already overflowing the accommodations.

The great strides which the prohibition movement has made since the last convention, in 1913, the enthusiasm of the workers for prohibition, and the prospect for an early national prohibition law are the themes of the speakers, who climax with the motto "Nation-wide prohibition in 1920."

The breaking of party lines in state and national politics, the problem of furnishing revenues for running the government to supplant the dwindling rum revenues—these are minor considerations in the eyes of the host of saloon-fighters gathered here. The one aim, the slogan of the big convention, is to secure a clean sweep of the country and wipe out the saloon and the liquor traffic from the nation.

Governors of states, prominent economists, educators, bishops and preachers, and civic leaders from many places are on the program to speak during the convention. Even John L. Sullivan, the famous old prize-fighter, who was put down and out by rum, will come to the front and fire a broadside into the saloon.

About 150 of our citizens took advantage of the cheap rate given by the steamer Columbia on the excursion to Kampsville last Saturday. The posters stated that the boat would leave at 7:30 a. m. and promptly at that hour she steamed down the river. At all intermediate points below this city the crowd increased and on arrival at Kampsville at 12:30 p. m. she had on board between 300 and 400 people. This was without doubt one of the finest and best excursions that ever left our city, as not a thing occurred during the trip to mar the pleasure of those on board. The order was simply fine and everybody seemed to enjoy every minute of the time going and coming. Capt. Mehl and his entire crew left nothing undone to make the trip pleasant to all on board. The excursionists were accompanied by the Meredosia Concert band and they certainly made a fine appearance in their new uniforms. The music they furnished during the day was excellent. Capt. Mehl added many more to his host of friends in this city last Saturday.

A HEALTH CAMPAIGN AT THE PUBLIC LIBRARY.

A friend has just presented 8000 health book marks to the public library. They have been distributed in the books. There are eight different kinds. Each person who makes a collection of the complete set is asked to mention it at the library where a list of those interested will be kept. The book marks all suggest the importance of health first, and bear such inscriptions as "When you read, open the windows and breath pure air." "new chapter in the history of mankind is the war on tuberculosis—a war to save life, not to destroy it." "Clean books, clean mind, clean air, clean lungs."

ARRESTED ON CHARGE OF BOOTLEGGING

DREAMING

I dreamed one night that I had died, had crossed the river cold and wide, an sat at ease on t'othershore, an talked with Poe of Lost Lenore. I gossiped with the famed and great, who long ago had pulled their freight from mundane scenes, and left renown which passing ages cannot down. I talked with Shakespeare, Pope and Scott, and all they said was blooming rot. The Bard of Avon talked away of how he used to sit and play with cronies at the Blue Boar Inn, and lubricate his works with gin. The poet Byron came along: he didn't talk of Art or Song, but bragged, until the light grew dim, of distances he used to swim. And Scott bored every one to sleep by talking cattle, swine and sheep. Their thoughts were anchored to the past, to trifling things that did not last. Their harps were hung on rusty nails, while they sat telling ancient tales. The only one who talked of Song, and kept it up, the whole day long, was Robert Southey—and his lay would make mules shy and run away. When morning came I awoke; said I, "This comes form eating too much pie."

Brooklyn, July 6—Jack Coombs, the veteran pitcher, fainted in the pitcher's box today as he was winding up to hurl the ball to a Boston batsman in the fourth inning of the first game between Brooklyn and the Braves. Coombs fell to the ground and had to be carried off the field.

An examination at the club house diclosed the fact that the veteran twirler had strained a tendon in his left leg. He soon recovered from the attack but it was said that it will be a week or ten days before he will be able to pitch again.

CUBS TAKE FOURTEEN INNING GAME FROM REDS

DARKNESS ENDS ECOND WITH SCORE 2 TO 2.

Zimmerman's Triple and Kniseley's Single in the Fourteenth Inning Score Winning Run of the Initial Contest.

Chicago, July 6.—Chicago defeated Cincinnati in fourteen innings of the first game of a double header and tied the visitors in the second game which was called on account of darkness at the end of the seventh inning. Zimmerman's triple and Kniseley's single in the fourteenth inning scored the winning run of the initial game.

Poor base running on Manager Bresnahan's part cost Chicago the second game, when he was caught napping off second just before Good tripled.

A free-for-all fight occurred in the seventh inning after Good tripled. He slid into the bag and spiked Olson who struck at him. In a moment they were exchanging blows. The local players came to the assistance of Good. Cincinnati players joined the fracas and Umpire Quigley rushed across the field, picked up Olson and carried him to the stand.

No fewer than five players were forced to retire through injuries, while the umpires were busy trying to quiet players who complained against decision. The Superbas won the first game through the extra ordinary fine pitching of Coombs and Appleton. In the second contest Ragan was knocked out of the box in the sixth, the Superbas getting a four run lead.

FIELDER JONES RESIGNS AFTER BEING INDEFINITELY SUSPENDTD

Shortstop Johnson is Suspended for Three Days and Fined $50 for His Part in Argument With mpire.

Kansas City, July 6—Fielder Jones, manager of the St. Louis Federal League baseball club, was indefinitely supended by President Gilmore today. Shortstop Johnson was suspended for three days and drew a fine of $50 for his part of the argument with Umpire Harry Howell in yesterday's game which led to their both being banished from the field.

After being removed from the game yesterday Jones telegraphed his resignation to Phil Ball, one of the owners of the club. It was his intention to remain with the club until arrangements could be made for his successor.

Neither Jones nor Johnson were on the field today, Umpire Finneran notifying the manager before the game that the suspension was on the way. Jones was reading the notification of his suspension from the league president when called upon at his hotel tonight. Asked if he had anything to say concerning the situation or his future, he replied: "I have nothing whatever to say."

LOCALS GAVE FRANKLIN A SHARP DEFEAT MONDAY

Final Score Was Seven to Nothing in Favor of Jacksonville but Contest Was Full of Thrills—Home Team in Fine Fielding Form.

Jacksonville took sweet revenge on Franklin Monday when they beat them before the largest crowd of the season by a score of 7 to 0. The game was full of thrills despite the one sided score. The locals putting up one of the best fielding games seen in many a day. The visitors had an off day in the field and presented the locals with several runs. If they had played better in the field the score would have been 1 to 0 in favor of the Eagles. Most of their five errors were costly. Tom

Wheeler Lays the Ball Down by Third.

Doyle who is usually reliable was one of the worst offenders. Doyle had two mistakes and each cost a run. Warren Wright at short also had a bad day and Fisher at third tossed Wheeler's bunt by Doyle in the fifth and that cost a run.

Hassler considering the support accorded him pitched a good game. He retired in the sixth with no one out with six hits and five runs registered against him. John Wright then took up the burden. He yielded four hits and two runs the remainder of the game. The fielding of Keyes and C. J. Wright featured the visitors playing.

For the locals the entire infield played a great game. Happy DeFrates again had a big day at third. Hap looked like a big leaguer. Several of his stops and throws were phenomenal. Dick Wheeler also grabbed a drive over second and made a double play with McCollister on the receiving end. Cap Denny took a line drive off of Fisher and engineered a double play on Seymour at second. Clark caught a great game and Charley White had the Franklin team eating out of his hand. The only time the visitors threatened was in the first inning. In that innig Fisher and W. Wright were killed at the pan. After that inning only one man got to taird and only three got to the second station.

Woodman Was Anchored at Third.

How the Runs Were Made.

In the first inning Jacksonville only secured one hit off of Hassler. That was a short fly by Carpenter in right field. Seymour made a great try for the ball but could not reach it. He lost it in the grass and Carpenter got two bases on the hit.

In the fourth two runs came over. Wheeler was first up and hit a ball to left field. The visitors did not seem used to the tall grass and again the ball got lost and Wheeler reached third base. He came home when Doyle threw the ball wild to third to catch him napping. DeFrates walked and stole second, Clark hit to short and Warren Wright tried for DeFrates at third but the throw was late and both runners were safe. Clark drew the throw to first and DeFrates tried for the pan but was nipped. Clark stole second and went to third on Christopher's single over third. He continued on to the pan and was safe when Doyle dropped the throw. Woodman singled sending Christopher to second. McCollister advanced both men on a sacrifice. Carpenter stopped things by lining to Keyes and Mas was doubled at second.

Two came in the fifth on one hit. White was first up and doubled to center. Woodman ran for him and took third on W. Wright's boot of Denny's bounder. Wheeler worked the squeeze and Woodman scored and Denny also came home on the play. Wheeler stole second. He went to third on DeFrates' bounder to Fisher. The throw to first pulled C. J. Wright off of the bag and Wheeler tried for home but was caught and Doyle completed a double play by nipping DeFrates at second base. Clark was out Fisher to C. J. Wright.

In the sixth Christopher went to second when Warren Wright threw his bounder over first. Woodman followed with a single sending Christopher home. He took second on the throw to the plate. McCollister sacrificed him to third. Carpenter was hitb y a pitched ball and stole second. Doyle caught Woodman napping at third. White walked. Denny singled and Carpenter scored. Arisman running for White reached third and Denny went to second on the throw in. Wheeler ended the inning by striking out.

In the eighth the locals added one

The Visitors Used Two Pitchers.

more. With two down White singled and Woodman ran for him. Denny doubled down the left field foul line and Woodman scored. Wheeler was out Keyes to C. J. Wright.

Woods' Double Hog Trough

Patent Applied for

This extension of double troughs enables us to feed any number of hogs very quickly, as the feed runs over their backs, and the grain that is left can be run under the covered section, as shown heretofore. They do not put their feet in trough, keeping the feed clean and healthier. Charles Wood.

COUNTY AGENTS WANTED—The Meyers Auto Tire Safety Valve stops the trouble—the demand for new tires. We're talking to you, now. We may not prove popular with tire manufacturers, but our valve will fit anybody's tire. You want the tire to Last.
You may have the most expensive car on the market, but when your tires go wrong, joy ceases.
Hundreds of inventions are for betterment and pleasure of motoring, but the Meyers Auto Tire Safety Valve is the first practical one for regulation of pressure.
It means exactly to an auto what a safety valve means to a locomotive, thresher engine, or any other container of high fluctuating pressure. The principle, the valve, the material and the results are the same.
It takes care of over-inflation by carelessness in pumping up, and high pressure from heat and friction.
It prolongs the life of new tires and insures the old ones.
It saves you time, money and patience and does more toward reducing your upkeep than any other invention of the automobile age.
Exclusive countty contracts let to wide-awake men. For information address J. P. Coley. Streator, Illinois. 7-4-6t

WORLD'S MARKET NEWS

HEDGING PRESSURE DOMINATES WHEAT MARKET; PRICES DROP

Outlook That Arrivals of New Grain Would Soon Be Much Enlarged Give Quotations a Downward Shoot.

Chicago, July 6 — Wheat prices took a decided downward shoot today, influenced by the outlook that the arrivals of new grain would soon be much enlarged. The market closed steady, but 1½c@1¾ to 3½c under Saturday night's level. Corn finished ¾c to 1@1¼c up; oats down ½ to 2c and provisions at 5c to 30c decline.

Hedging pressure dominated the wheat market from the first tap of the bell and defeated in short order every effort at a rally. July option especially felt the effects of continuous selling by receivers, who were engaged in the purchase of new wheat in the country. Advices from the harvest regions appeared to indicate that the weather was better on the whole than at any other time in the last six weeks and that threshing had become general over a large secion of the winter crop belt.

As a result of the break in prices foreigners showed considerably more interest regarding wheat. After the close word came from the seaboard that between 600,000 and 700,000 bushels had been disposed of for export. Some of the buying was said to have been for France, and the inquiry from Italy seemed also to have improved. Rumors of 300,000 bushels sold to go to Europe by way of the gulf of Mexico were generally believed to refer to transactions included in the total reported from the east. Corn displayed stubborn resistance and gave way only a little to bearish attacks that were due to the weakness of wheat. The upholders of prices had the backing of unfavorable crop reports and of an urgent spot demand at Liverpool, as well as a falling off in domestic stocks. Field news concerning oats was of a decidedly flattering sort. About the only check on the ensuing decline resulted from profit taking by shorts.

NORMAL CONDITIONS PREVAIL ON RESUMPTION OF STOCK DEALINGS

Market Shows No Trace of the Feverishness Which Marked Last Saturday's Trading.

New York, July 6.—Normal conditions prevailed on the resumption of stock dealings today, there being no trace of the feverishness which marked last Saturday's trading. J. P. Morgan's steady progress towards recovery was in itself an encouraging factor and the decision of the federal court exonerating the Reading company from any violation of the laws governing its relations with its coal subsidiary helped to create a more cheerful tone.

Reading was the most active of the speculative favorites, soon advancing 2 points, with gains of 1 to 3 points in numerous railways and industrials. War specialties soon came forward. Bethlehem steel, Baldwin Locomotive and a few others of that group rising from 2 to 4 points. United States, which was regarded as something of a market barometer, opened at a substantial rise, soon increasing its gain. Then St. Paul and United States Rubber, last week's depressing features, recorded substantial advances, but in the case of the former this was soon lost on a recurrence of the recent selling. Canadian Pacific also began to manifest signs of pressure and by mid-day a large part of the early advance was lost.

In the final hour fresh liquidation of St. Paul, Canadian Pacific and Missouri Pacific resulted in general recessions and an irregular close. St. Paul fell to 80½, a new low record, and Missouri Pacific at 5¾ also made a minimum quotation. Total sales amounted to 225,900 shares.

COCOANUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified cocoanut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

"MORNING GLANCES" (By Gosh)

The Eagles certainly gave Franklin a trimming Monday. There was never a time after the first inning, when Franklin had a chance to score The crowd was the largest that has ever attended a ball game at Nichols park. Despite this it was well behaved and there was no disturbance of any kind.

* * *

Jeffries band came to the game shortly after it started. The band was not provided with any seats. They sat on the ground near first base and between innings they gave a number of selections. They received liberal applause for their efforts.

* * *

The Sox slipped badly on the fifth. The Browns beat them two games. They redeemed themselves, however, partly by wining a game from the Browns yesterday.

* * *

The crowd attending Monday's game at Nichols park demonstrated that Jacksonville is one of the best baseball towns in the state. We are ripe for anoteher league team. It only remains for a few to get together and get a permanent site for a ball park. If this is done we will be in a good minor league before another year rolls around.

* * *

Happy DeFrates is playing a great game at third for the Eagles. DeFrates looks good enough for any minor league. He fielded in great form Monday. He is playing third base the way it should be played.

* * *

Dick Wheeler made a fast play yesterday when he grabbed a grounder over second base, stepped on the bag and threw to McCollister for a double.

* * *

Riggs, center fielder for Franklin, is a good ball player. He got two hits Monday, one a triple. He has a good form at the plate and makes the pitcher serve up the good ones.

* * *

McCollister crossed the visitors when he laid down a bunt with two strikes on him He also caught Clark napping but he managed to make it in from third.

* * *

Hassler did not pitch a bad game for Franklin and it is difficult to see why he was taken out. It was not his pitching so much as the fielding of Franklin that was responsible for the loss of the game.

* * *

St. Louis used sixteen players trying to win from Chicago Tuesday. E. Collins compiled himself four hits and made four runs.

* * *

The Tigers pushed Cleveland into last place yesterday by defeating them 7 to 6.

* * *

Kansa City beat St. Louis yesterday by a score of 1 to 0. The Kaws are still leading the Federal League.

* * *

The Cubs after losing two to Cincinnati Monday came back yesterday and won one and tied the other. Zimmerman got four hits in the first game.

* * *

Newark bunched hits off of Quinn while Falkenberg kept Baltimore's hits well scattered winning by a score of 7 to 1.

* * *

The Boston Red Sox went fast yesterday beating Washington two games. The Boston team beat Walter Johnson in the second game. The Red Sox are climbing on the White Sox and if the latter slip very much they are likely to get in front.

* * *

The Pirates were defeated by the Cardinals by a score of 2 to 1. The Cardinals won the game in the eighth, Griner the pitcher bringing home the winning run with a double.

* * *

Chief Bluejacket won from Buffaloy esterday by a score of 5 to 1. It was Brooklyn's first win for some time.

* * *

The Athletics beat the Yanks again yesterday. The Athletics despite their shot to pieces condition are playing good ball.

BIRTHDAY DINNER.

A birthday dinner was given for John Bourn at the Bourn home near Shiloh Sunday. The dining room was testefully decorated for the occasion with the national colors. The birthday cake was decorated with flags. There was much merriment over the cutting of the cake. Mrs. Carl Bourn got the ring, Earl Bourn the thimble, Mrs. Earl Bourn the needle and Miss Estella Bourn the dime. Throughout the house was a profusion of cut flowers and ferns.

The ocasion was one of much pleasure, the day being spent in conversation and some excellent music was furnished. Those present were: Mr. and Mrs. William Bourn and family, Mr. and Mrs. Earl Bourn, Mr. and Mrs. Walter Bourn, Miss Chleo Lane, Frank Bourn and Miss Sarah Bourn.

WOODSON NATIONALS WIN THEIR FIRST GAME.

The Woodson Nationals won the first game this season from a team of pickups at the Begnel ball park Sunday afternoon. The Red Roses could not be there, so in order to have a game a team was picked up of which Joe Lawless and Jim Lawless were the batteries. Wing Kehl and J. Butler were batteries for the Nationals. Jim Lawless knocked a home run and a second base and W. Lawless knocked a home run. Harney of the Nationals also knocked a home run. Kehl struck out six more men than Lawless. The game ended with a score of 10 to 5.

MARKET LETTERS

Kansas City Stockyards, July 5.—Shipments of stockers and feeders from this market last week aggregated close to 4,000 head, the rather light business in that trade due to seasonable summer dullness. Owners of cattle on grass are not anxious to dispose of them, particularly as market prospects are very flattering, and pastures are all that could be desired. Cattle receipts today are 7,000 head and the market is steady to strong. Every grade of stock cattle is included in the offerings, though first grade stuff is very scarce. Most of the stock steers, yearlings and twos, sell at $6.60@7.60. Prices have a very wide range, however, some plain stock calves selling as low as $5 here last week, the same having grown stale in the hands of a trader. A carload of 450-lb. yearlings sold to an Indiana buyer at $6 and good yearlings at $7.15, while choice stock calves of highest breeding are quoted up to $8.50. Some fleshy feeders sold at $8.55 last week, and feeders weighing 1,100 lbs. brought $8.25 today. choice 900-lb. feeders $8.40. In July and August last year Illinois buyers paid as high as $9.50 for choice fleshy feeders here, for a short feed. Prospects for high beef cattle prices are even more favorable this year than last, in view of shortage of beef steers in Illinois and Iowa, coupled with the large volume of meat now being exported, particularly fresh beef, and the belief that exports of live cattle will soon be on a large scale. Kansas has more cattle this year than last, while Oklahoma has less, a switching of conditions that will mean large receipts in the native divison at Kansas City this fall and smaller receipts in the quarantine division. Cattle breeders in the west and southwest are making strong efforts to get into cattle and breeding cows are selling at record prices on the range, a sale of 2,500 common yellow back Texas "coasters" at $50 a head being reported here today.

LIVE STOCK MARKET.

Union Stock Yards, Chicago, July 7—Oliver S. Green, with Walter Bros, reports the estimated receipts for Monday, July 5: Cattle, 16,000; hogs, 24,000; sheep, 10,000.

The 10c market could not be held down, and 20 to 25 car loads 10c to $10.10, with two car loads 1378 average 10.15, and one car load 1590 pounds average at 10.20. Prime cattle 15 to 25c higher than best point last week, which was 9.95. Good to choice generally 10 to 15c advance. Cheap steers about steady but active. No complaint about the holiday trade and by far the best market of the year again we would say 10.25 to 10.50 reached quicker than advance from 9.50 to 10c, and then still higher. The market at the river points had a light supply.

We quote:

Choice to prime steers, 9.90 to 10.20.

Medium to good, 9.50 to 9.85.

Yearlings, good to prime, 9.30 to 10.00.

41 steers and heifers, weight 695 pounds, 10c.

Good to choice yearling heifers, 9 to 9.40.

Fair to medium yearlings, 8.75 to 9.35.

Coming to fair yearlings 8.25 to 8.75.

Inferior to good grassers, 5.50 to 8.25.

Most butcher stock 10c higher than low time Friday.

Choice corn feds strong to 10c higher. Plain grassers dull, sale. Canners and bulls steady. Veal calves lower.

Medium fat cows and heifers 5.30 to 7.75.

Canners and cutters, 3.25 to 5.10.

Heifers 5.35 to 9.10.

Bulls, 5.25 to 7.50.

Choice to prime light weight bulls 7.60 to 8c.

Coming to heavy calves to good vealers 5.00 to 9.50.

Choice to prime vealers, 9.7E to 10.25.

Hog market was active with the average a few cents higher than close of last week. Top 7.80 with the bulk selling from 7.30 to 7.65, against 7.60 one week ago. The run was surprisingly light, and the quality fairly good.

Mixed packing 7.15 to 7.40.

Medium and butchers, 7.40 to 7.60.

Heavy packing 6.90 to 7.20.

Rough, 6.40 to 6.90.

Light weights, 7.50 to 7.77 1-2.

Select packing and shipping 7.25 to 7.80.

Pigs and roughs, 2.00 to 7.41.

Lambs generally 25c lower than Friday. Good to choice native lambs 9.50 to 9.75. Best Idaho lambs, 10 cents. Native sheep 15 to 25c under Friday. Fat native ewes 5.50 to 5.60. Best range ewes make 6c, a few wethers 6.50 and yearlings 7.75.

AUTOMOBILES

E. L. Rexroat and wife were down to the city from the north part of the county yesterday in their Maxwell car.

Monday on the state road at one of the right angle turns for which that thoroughfare is noted, two automobiles came together with a chash that badly used up one of them and somewhat injured another. One was Rambler driven by a Winchester man who had his car brought to the garage of the Jacksonville Automobile Co., and repaired. The other was from Indiana and must have been taken elsewhere as no garage in the city had the repairing of it.

F. R. Kellogg and family and Miss Bobbitt were up to the city yesterday from Chapin in Mr. Kellogg's Studebaker car.

Lee Fredo of Roodhouse made a trip to the city yesterday in his Regal car.

Dr. R. R. Jones came up to the city yesterday in his Oakland car.

John Votsmeier of Franklin was a pilgrim to the city yesterday coming in his Mitchell car.

Harry Coultas and family made a trip from Scott county to the city yesterday in their Oakland car.

R. C. Schell and family journeyed from Beardstown to the city yesterday in their Moline car.

A tourist from Los Angeles pulled into the city yesterday in a Ford having made the distance in 23 days. He failed to leave his name or destination but took supplies as quickly as possible and pulled out.

C. N. Priest made a business trip to Springfield yesterday in his Ford car.

J. F. Claus went to Springfield yesterday in his McFarlan 6 car.

Dr. E. J. Eller, wife and daughter Edna came over from Mt. Sterling for a visit with the doctor's brother in Chapin and yesterday came to the city in the brother's Studebaker car.

Logan Mullens of Perry came to the city yesterday in his Ford car.

Mr. and Mrs. W. C. Hostetter and friends came over to the city yesterday in Mr. Hostetter's Cadillac car.

Miss Lucille Fox of Chapin brought to the city yesterday her uncle, George R., in her Dodge car.

Charles Schlicker and family made a trip yesterday from Meredosia to the city in their Reo car.

MORE TEACHERS NAMED BY BOARD OF EDUCATION

July Meeting Was Held Tuesday Night—R. A. Gates Reported Audit of the Board's Books.

At the regular meeting of the Board of Education heid Tuesday evening considerable business was transacted. Among the most important things was the report of R. A. Gates who has been auditing the books. Mr. Gates made a comprehensive report and a number of suggestions. The report was accepted and Mr. Gates was engaged to make an inventory of school property.

The board appointed Mrs. Ida Smith as commercial teacher in the high school and also appointed Miss Bess Pyatt and Miss Lillian Carter as regular teachers in First ward Four substitute teachers were appointed, one for each ward.

The Proceedings.

The board met with all members presedent President Roger in the chair . R. L. Pyatt, clerk. A communication was read from Prof. T. P. Carter relative to presenting the high school with a number of mounted birds he has at the Woman's College. Prof. Carter wishes to present these birds to the school and they will be removed and placed in the nigh school by the board.

The clerk read a communication from the boiler inspection company of the inspection of boilers in the First and Fourth wards. It was received and placed on file.

All properly approved bills were ordered paid when funds are available.

Reports of officers were received and placed on file.

The report of R. A. Gates, auditor who had just completed the audit of the books of the Board of Education was presented . The report goes into minute detail of the expenditures and receipts. Mr. Gates communication accompanying the report follows:

Jacksonville, Ill., July 6, 1915.
Board of Education, Jacksonville, Illinois—

Gentlemen: I have examined the books of account, vouchers and cancelled warrants as shown by the books from May 1, 1912, to June 30, 1915, inclusive, and in my opinion the accompanying trial balance, dated June 30, 1915, correctly sets forth the receipts and disbursements for the fiscal year ending on that date. I find the books neatly and accurately kept.

In my examination of the approved vouchers or bills, I found several that were not in proper shape, especially those for interest and for contract supplies.

Several of the vouchers for interest are in such shape that it is impossible to verify the interest calculation. These vouchers for interest on anticipated warrants should have the date, number and amount of the warrant listed on voucher. The calculations and amount paid could then be verified at any future time.

The vouchers for supplies should show the quantity, price and amount and not billed "Supplies as per contract," naming a lump sum.

In my examination of the cancelled warrants returned by the treasurer, I found several that had not been endorsed by the parties to whom payable.

The income part of your occounts are made up by the reports received from the treasurer and in order to have a check on these reports the officer who receives the tuition should be required to make monthly reports in detail and in duplicate, one copy to accompany his deposit with the treasurer and the other to be sent to the board. At the end of the year he should be required to make a full report for the year, showing the amount each pupil should pay, the amount paid and the amount still due, if any.

All officers receiving money for the board should make like reports. The exhibits accompanying this report are:

Schedule 1. Trial balance of May 1, 1912, and reconciliation of the general fund and special fund with the treasurer's account.

Schedule 2. Trial balance of June 30, 1915, with reconciliation of the general fund and special fund with the treasurer's account.

Schedule 3. A summary of the treasurer's reports.

Schedule 4. A comparative statement of the disbursements as shown by the charges to the different funds for the period under audit.

Schedule 5. A summarized analysis of the receipts and disbursements of the building and repair fund special, for the period under audit. Respectfully submitted,

R. A. Gates,
Accountant and Auditor.

The board by unanimous vote engaged Mr. Gates to make a complete inventory of school property.

Member Clampit of the teachers and salaries committee recommended the appointment of Mrs. Ida Smith as commercial teacher in the high school. She was confirmed by a unanimous vote.

Warren Maddox was appointed as teacher in the seventh and eighth grade at a salary of $50.00 per month.

The following substitute teachers were appointed in the respective wards. First ward, Miss Helen Harney; Second ward, Miss Lena Hopner; Third ward, Miss Madde Brown, Fourth ward, Miss Lois Hayden.

The resignation of Miss Mattie Ator was presented and accepted.

Misses Bess Pyatt and Lillian Carter were appointed regular teachers in the First Ward.

The clerk read the tax levy certificate which carries $78,000 for general educational purposes and $10,000 for building and repairs. He was ordered to certify the same to the city council for action.

Member Imgrund also brought up the matter of giving Richard Reynolds his diploma but no action was taken in the matter.

There being no further business the board on motion adjourned.

IMPROVEMENT BOARD HAS BEEN ORGANIZED

Whole Council Included in Membership—South Main Street to Have Early Attention.

Following the session of the city council Tuesday morning the board of local improvement was organized. In acordance with the provisions of a new law on the subject the board is now constituted of the entire council. Mayor H. J. Rodgers was elected chairman and Commissioner Widmayer secretary. At this meteing the proposed re-topping of South Main street was discussed and Walter Lonergan, who is a representative of the tarvia company, expressed the wish that a committee from the council and from the property owners would visit Springfield, Mo., where some re-topping work is now in progress. He said that there could be seen a practical example of what travia will do for a pavement which is in a bad state of repair. Mayor Rodgers said he would go on such a trip at his own expense, and Commissioner Widmayer thought that he could arrange his plans to go on the same basis.

Mr. Lonergan said that in consultation with Secretary Weber of the chamber of commerce that he hoped to arrange for three South Main street property owners to accompany him on the trip. It is the intention also to visit East St. Louis where some re-topping work is now in progress with asphalt. It is necessary to hurry with the South Main street proposition in order to secure the fund set aside by the state for the repaving adjacent to Jacksonville state hospital. This money must be actually paid out for the work before Sept. 30 or it will revert to the state general fund. The estimated cost for tarvia re-topping on South Main is $1.50 per lineal foot for each property owner.

At the council session in the morning when the South Main street matter was mentioned, Supt. Miser said that it would probably be the wish of the street railway company to abandon one of the switches which is now located between Morton and Michigan avenues and to construct one longer switch.

FRACTURED SKULL.

James Wood, 11 years old, son of James C. Wood of Dunlap street, fell in an outhouse vault Tuesday evening and sustained a severe fracture of the skull. The boy, with several others, was throwing clods. He stepped back to dodge a clod and fell into a vault that was being dug on the premises. There was a shovel and some other tools in the excavation and the boy struck one of them. He was removed to Dr. J. Allmond Day's hospital and given attention. It was found that the skull had been fractured on the left side, just back of the ear. Two pieces of bone were removed. The injury is a serious one and Dr. Day does not know just how it will result, but believes unless infection sets in that the lad will recover.

CONGREGATIONAL SUNDAY SCHOOL PICNIC.

Tomorrow, Thursday, the members of the Sunday school of the Congregational church and their friends are to enjoy a picinc at Nichols park. The plan is to meet at the church lecture room with lunch baskets filled and start for the park promptly at three. There will be enough automobiles there to convey all to the park and bring them back again at a suitable hour. All members of thec hurch and congregation will be welcome to attend and it is hoped that a goodly number wil avail themselves of the privilege.

FIRE ALARM.

The fire department was called to the residence of Mrs. James Smith, 414 South East street at 9 o'clock Monday evening. The alarm was caused by a toy balloon dropping on the roof. The balloon and the sponge which is saturfated with alcohol were burning on the roof when the department arrived. The firemen removed the balloon and no damage was done. It is likely, however, that the house would have been set on fire had not prompt action been taken.

CORONER'S INQUEST.

Coroner George W. Wright on Monday empanelled a jury and held an inquest on the body of Mrs. Eva Landreth, who committed suicide Sunday evening. The jury was composed of the following: R. R. Stevenson, foreman; L. V. Seymour, Charles Graff, J. A. Munson, Jr., W. J. Brady and J. W. Priest, clerk. The evidence of the husband, Edward Landreth, Drs. W. P. Duncan and H. C. Woltman and the housekeeper, Mrs. Ada McLain, was taken. The jury after hearing the evidence returned the following verdict:

"We, the jury, find that Mrs. Eva Landreth came to her death by her own hand by drinking a solution of concentrated lye. We further find that the deed was done while Mrs. Landreth was in a mentally irresponsible state due in part to her physical condition."

The funeral will be held from Central Christian church this afternoon at 2:30 o'clock

CAUGHT BY HAY RAKE.

Russell Baptist, son of Thomas Baptist residing northwest of the city had his left foot badly mangled in a hay rake Tuesday aternoon. Dr. A. M. King was called and dressed the injury which required fourteen stitches to close.

As near as can be learned the boy was riding with a hired man, who was raking hay. In some manner the boy must have fallen off of the rake just as the man lifted it to dump a load. One of the tines of the rake pierced the boys left foot. It entered just between the ankle bone and the large tendon. The boy was dragged a short distance and the tine tore the foot and ankle badly. Dr. King is of the opinion that nothing serious will result unless infection sets in.
